

**Dr. Wong's Bio:**

Dr. David Wong is a board-certified Periodontist in private practice in Tulsa, Oklahoma, as well as an Associate Clinical Professor at the University of Oklahoma College of Dentistry

Dr. Wong received his undergraduate education and dental training at the University of Oklahoma. He then went on to complete a three year residency in periodontics at the University of Missouri-Kansas City. He is a Diplomate of the American Board of Periodontology as well as a Fellow in the International Congress of Oral Implantologists. He is a published author in several peer-reviewed dental journals but has also reached a mainstream audience in media such as Fox News and the Wall Street Journal.

Dr. Wong presently resides in Tulsa with his wife and three children where he maintains a full-time private practice.

**Title and Description:**

Topic #1-- In the Minds of Periodontists: Problem-Solving and Dental Implants.

Topic #2-- Periodontics and Social Media: 4 Cores of Influence (or whatever I wrote down the other day)

Description: The creativity of periodontics opens up a variety of opportunities to solve the problem of missing teeth and dental implants. While oral surgery and prosthodontics hold solutions to many implant-related problems, rarely is a specialty called upon to address subjects ranging from peri-implantitis, guided bone regeneration, implant surgery, oral plastic surgery, and many others. This presentation will "enter the mind of a periodontist" and seek solutions to missing teeth and dental implants that defines the field of periodontics.

Surveys show that over 50% of dentists utilize social media, yet many specialists feel "but my practice is different". This presentation helps to answer what social media sites are best for periodontal offices and reviews important elements and strategies to create a captivating message for referring doctors and future patients.

## **CURRICULUM VITAE**

**DANIEL J. MELKER, D.D.S.**  
**28465 U.S. HWY. 19 N., SUITE 204**  
**CLEARWATER, FL 33761**  
**(727) 725-0100**

Education – University of Florida 1966 to 1969  
Emory University 1969 to 1973  
Boston University School of Dentistry 1973 to 1975  
Specialty training in Periodontics

Daniel J. Melker, D.D.S. has been in private practice of Periodontics for the past thirty nine years in Clearwater, Florida.

Dr. Melker has lectured to the University of Florida Periodontic and Prosthodontic graduate programs on the Periodontic-Restorative relationship and has also lectured at Baylor University, University of Houston, University of Alabama Birmingham, as well as LSU Graduate Periodontal Program. Dr. Melker's lectures include the Florida Society of Periodontics, the Pankey Institute, Florida Dental Hygiene Society, the Southwest Florida Dental Society, the West Coast Dental Association, Florida Society of Prosthodontics, the Massachusetts Dental Association, the New Orleans Dental Congress, American Academy of Periodontology and the Florida Academy of Cosmetic Dentistry, Arizona Dental Society, Connecticut Society of Periodontists, Iowa Dental society, Maimonides Society in Washington DC, Greater Orlando Dental Society, New Jersey Society of Periodontics, Institute for Advanced Laser Dentistry and the Ontario Academy of Periodontics. The highlight of Dr. Melker's presentations occurred when he spoke to the Illinois Academy of Periodontics. Each Periodontist was able to bring his or her referrals which truly made it a TEAM concept presentation. In April 2011 Dr. Melker had the pleasure to speak at the FEDI meeting at the U. of Missouri. As a follow-up Dr. Melker recently presented to the Wisconsin Periodontal Society with the same format of each Periodontist bringing his referrals. Presentations in 2015 include Seattle study clubs in California and Maryland as well the Midwinter meeting for Illinois Society of Periodontics. Recent presentations include the Indiana, Ohio and Michigan Society of Periodontists as well as the Nashville Dental society.

Dr. Melker has published articles in The International Journal of Periodontics & Restorative Dentistry, Academy of General Dentistry, Contemporary Esthetics, Dentaltown, JIACD, Chairside Dentistry and Dentistry Today. Dr. Melker is also a two time Gold Medal recipient from The Florida Academy of Cosmetic Dentistry.

In participation with Proctor & Gamble/Alza and Biora Dr. Melker was a clinical researcher in relationship to the tetracycline delivery system, Actisite® and Emdogain enamel protein matrix. In addition, Dr. Melker participated in the Actisite® 潤 Launch Satellite Symposium as a case presenter and has also lectured for Biora on the benefits of using Emdogain in bone regenerative procedures.

**Howard M. Chasolen, DMD**  
[www.chasoleneducation.com](http://www.chasoleneducation.com)

Dr. Howard Chasolen graduated from the University of Medicine and Dentistry of New Jersey in 1991. He earned a specialty certificate in Prosthodontics and a fellowship certificate in Implant Prosthodontics from the University of Pittsburgh School of Dental Medicine from 1991 to 1994. He is a Diplomate of the American Board of Oral Implantology and a Fellow of the American Academy of Implant Dentistry. He is a Past President of the Florida Academy of Cosmetic Dentistry, The Florida Prosthodontic Association and The Sarasota County Dental Association as well as being appointed to the faculty at the University of Florida in the Graduate Prosthodontic Residency Program. He has restored over 20,000 units of crown and bridge, 900 full arches, and 9,000 implants. His practice is limited to Prosthodontics and is located in Sarasota, Florida.
